

French Long term planning

At the Craylands School, pupils in years 3 – 6 have been taught French for the past 4 years. ‘Tout le Monde’ is the interactive scheme that is used to deliver weekly lessons.

Pupils are not moved onto the next level until all of the modules have been completed from the previous level, therefore in the year 2014-2015, pupils will still be working on the previous year modules

It is expected that year 3 will have completed level 1 by the end of this academic year.
