

### Sports Funding at Craylands School.

The government provides funding to improve provision of physical education (PE) and sport in primary schools. This funding is allocated to all primary schools, providing a dedicated resource to increase PE and school sports provisions. This funding is ring-fenced and therefore can only be spent on provision of PE and sport within schools.

As a school, we receive £8000 plus £5 per pupil and are dedicated to ensuring our PE premium is used to enhance our school's provision.

#### **Principles:**

- The money will directly impact on the quality of teaching and learning in PE lessons.
- Funding will be directed towards the professional development of teaching and support staff to develop their ability to deliver high quality PE and school sport.
- Subject knowledge will develop through professional development.
- Small amounts of the funding will be used to ensure that learners have support through extended sports provision.
- Some of the funding will be dedicated to purchasing particular resources which will impact on teaching and learning in all aspects of PE/sport.
- Funding will facilitate the development of the leadership of PE across the school.

#### **Provision:**

| <b>Provision</b>  | <b>Outcomes</b>  | <b>Monitoring of impact</b>  |
|---|--|--|
| 1. Fees to Dartford District School Sports Partnership events                                       | Access training, equipment loan and entering competitions  | Pupil involvement and participation in competitions.<br>Access to new opportunities. |
