

Year 4

Long Term Plan

Mathematics

2014-15

	Term 1	Term 2	Term 3	Term 4	Term 5	Term 6
week 1	Revision (refer to previous year group's objectives)	Measures -Money to solve problems	Number and place value to solve problems	Decimals to solve problems	Number and place value to solve problems	Fractions to solve problems
week 2	Revision (refer to previous year group's objectives)	Multiplication and division to solve problems	Addition and subtraction to solve problems	Multiplication to solve problems	Addition and subtraction to solve problems	Multiplication and division to solve problems
week 3	Number and place value to solve problems	Shape and position and direction to solve problems	Measures -Money	Division to solve problems	Measures -Money to solve problems	Shape and position and direction to solve problems
week 4	Addition and subtraction to solve problems	Statistics to solve problems	Measures-weight -to solve problems ASSESSMENT WEEK (TA)	ASSESSMENT WEEK (testing)	Measures-capacity / volume to solve problem ASSESSMENT WEEK (TA)	Statistics to solve problems
week 5	Decimal Fractions to solve problems ASSESSMENT WEEK (TA)	ASSESSMENT WEEK (testing)	Fractions to solve problems	Shape and position and direction	Assess and review	ASSESSMENT WEEK (testing)
week 6	Measures-length to solve problems	Measures -Time to solve problems	Assess and review	Assess and review		Measures -Time to solve problems
week 7	Assess and review	Assess and review (Christmas linked)				Assess and review entire year
