Year 5   Long Term Plan   Mathematics   2014-15

	Term 1	Term 2	Term 3	Term 4	Term 5	Term 6
week 1	Revision (refer to previous year group's objectives)	Fractions to solve problems	Number and place value to solve problems	Multiplication to solve problems	Number and place value to solve problems	Addition and subtraction to solve problems
week 2	Revision (refer to previous year group's objectives)	Multiplication and division to solve problems	Addition and subtraction to solve problems	Shape and position and direction to solve problems	Fractions – addition and subtraction to solve problems	Multiplication and division to solve problems
week 3	Number and place value to solve problems	Shape and position and direction to solve problems	Measures - area to solve problems	Position and direction to solve problems	Fractions – multiplication to solve problems	Measures – time to solve problems
week 4	Addition and subtraction to solve problems	Measures – time to solve problems	Measures – length, mass and capacity to solve problems ASSESSMENT WEEK (TA)	ASSESSMENT WEEK (testing)	Percentages – to solve problems ASSESSMENT WEEK (TA)	Measures to solve problems
week 5	Measures – money to solve problems ASSESSMENT WEEK (TA)	ASSESSMENT WEEK (testing)	Fractions to solve problems	Division to solve problems	Assess and review	ASSESSMENT WEEK (testing)
week 6	Multiplication and division – factors and primes - to solve problems	Statistics to solve problems	Assess and review	Assess and review		Shape and position and direction to solve problems
week 7	Assess and review	Assess and review (Christmas linked)				Assess and review entire year
