

## Home survival weekly plans - Morpurgo

Hey guys

So this week would have been your year 6 residential in the Isle of Wight – I am so sorry that you were unable to go, I feel just as sad as you ☹. I know it can be hard to understand and it seems so unfair, I completely understand that, but we just need to keep in our minds that we are all safe and healthy and that is so important.

I know this will not be the same, and doesn't make up for not being in the Isle of Wight, but I have created a special themed trip week – we will be participating in a virtual trip of the Isle of Wight. We will be visiting (virtually) the places that we would have gone to; participating in activities relating to these places; completing investigations and doing some research on the Isle of Wight.

Everyone, wherever they may be learning, will be joining in with these activities and I really hope you enjoy this week.

If you are learning from home, I have put a pack together for you, with everything you need. Hopefully you have picked it up from school or received it from me. I will put the slides on Class Dojo but they are also in your pack. I have also included a time table (following the slides in the PowerPoint) that we will be following in school – you can follow this or do the activities when it suits you at home. (The container has salt in for the Alum bay activity)

Have a great week year 6 and I can't wait to see all your activities.

Mrs Francis

	Monday	Tuesday	Wednesday	Thursday	Friday
9.15 – 10.50	Show slide 1 – videos Draw a map of the IOW  Research the IOW	Day 2 – breakfast design  Blackgang chine slides  start maths investigation	IOW zoo Live view and activities	Crazy golf  Paper, card, pens	Amazon world slides
