PSHE + Music	There has been lots in the news the last few days about the tragic death of George Floyd in America. This has led to lots of marches and protests all across the world about how sadly many people face racism every day. Listen to the song called 'I got a dream' by Common and Will.I.Am and write about what is the song about? Who is it aimed at? What is song based upon? On the class dojo I have a powerpoint with other things to think about linked to the song and racism which you may want to complete. Please get parental permission before going on to youtube and watching the video. <a href="https://www.youtube.com/watch?v=XBa55sDTiA">https://www.youtube.com/watch?v=XBa55sDTiA</a>
