

Week 7 - 13.07.20

Egg in a bottle!

What you need:

A small hard-boiled egg with the shell removed, an empty, clean milk bottle (or similar) and a match. The egg should be only just larger than the bottle opening.

What to do:

Sit the egg in the neck of the bottle.

Make a prediction: Make a prediction: Can you get this egg into the bottle without pushing it in?

Take the egg off the bottle.

Get an **adult** to drop a lighted match into the bottle and replace the egg on top of the bottle again.

Make a prediction: What do you think will happen? Can you get this egg into the bottle without pushing it in?

Observe what happens!

Write what you observe
