

j2e is a great little app that will enable you to create content rich documents online. For use across the curriculum! Take a look at this helpful [link](#) to learn more. **free**

Hunt for the alphabet using **ABC Mysteriez**

There are countless apps that can encourage children's speaking and listening skills. **Talking Tom** and **Ben** are my favourites! The new **Tom messenger** allows you to send talking telegrams too! It's good fun!

Free

Tiny bang story has such beautiful pictures and these can be used very well in creative writing lessons.

Free or £1.99

Epic Citadel is another app that can be used to inspire writing.

Free

Dragon dictation is a free app that will type as you talk using voice recognition. Great for those reluctant writers! Find out more [here](#).

Free

Chickitionary

A lovely little word building game to stretch your children's skills.

Free

Mr Thorne Does Phonics

We love using Mr Thorne's apps in class and so we told him! He is now using one of our photos in his app store :) There are two apps to choose from at the moment, with different learning activities on each one.

£4.99

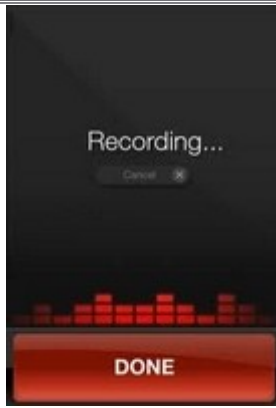

Myst is another app that will provide you with adventure settings to explore. It has been used by many teachers to inspire writing.

Free

Our story has been created by the open university and enables young children to take part in fun games which can help develop interests and skills that will be relevant to them when they start to read.

Free

Story ideas is the first app created by Pie Corbett to help you develop story writing ideas.

69p

Word mess

A vocabulary game recommended by @EIKel99. Be warned - it may be addictive!
